- D. Adoption of Revised Speed Limits.

18. CLOSED SESSION.

As per motion and roll call vote, pursuant to NMSA 1978, 10-15-1 the following will be discussed in Closed Session:

- A. Limited Personnel Matters (H)(2).
- B. Pending Litigation (H)(7).

19. ADJOURN.

If you are an individual with a disability who is in need of a reader, amplifier, qualified sign language interpreter, or any other form of auxiliary aid or service to attend or participate in the hearing or meeting, please contact the Clerk at the Town Offices located at 1911 Historic Route 66, at least five (5) days prior to the meeting or as soon as possible. Public documents, including the agenda and minutes, can be provided in various accessible formats. Please contact the Town Clerk at (505)286-4518, or by e-mail at clerk@edgewood-nm.gov if a summary or other type of accessible format is needed. **The complete council packet may be viewed on the web, visit www.edgewood-nm.gov click on Agendas, Meetings & Minutes.**

**MINUTES
TOWN OF EDGEWOOD
REGULAR COUNCIL MEETING – JUNE 18, 2014 @ 6:30 P.M.
EDGEWOOD COMMUNITY CENTER - #27 E. FRONTAGE ROAD**

• **CALL TO ORDER.**

Mayor Pro-Tem Ring called the meeting to order at 6:30 PM.

Councilors Present: Sherry Abraham, Rita Loy Simmons, and Councilor Abrams.

Also present was: Mr. Bob White, Town Attorney; Ms. Kay Davis McGill, Administrator; and Ms. Estefanie Muller, Clerk-Treasurer.

• **PLEDGE OF ALLEGIANCE.**

1. APPROVAL OF AGENDA.

MOTION: Councilor Abrams made a motion to approve the Agenda. Councilor Abraham seconded the motion.

VOTE: All Councilors voted aye. The motion carried.

2. APPROVAL OF CONSENT AGENDA.

A. Approval of the Regular Council Meeting Minutes of June 4, 2014.

B. Acknowledge Receipt of the Planning & Zoning Commission Meeting Minutes of June 3, 2014.

C. Acknowledge Receipt of the Library Board Meeting Minutes and Library Report for the month of May, 2014.

MOTION: Councilor Abraham made a motion to approve the Consent Agenda. Councilor Abrams seconded the motion.

VOTE: All Councilors voted aye. The motion carried.

3. MATTERS FROM THE MAYOR.

Mayor Pro-Tem Ring read and presented a proclamation to Ms. Kathy Schuit of "Katrinah's East Mountain Grill" as she was voted "Best Breakfast Burrito" in the "New Mexico True Breakfast Burrito Byway" Contest.

4. MATTERS FROM THE COUNCILORS and/or ANNOUNCEMENTS.

Councilor Abraham stated she had received a huge compliment on the Planning & Zoning Staff, she wanted to say "Thank you" to the staff for doing what they do, doing it well and efficiently, because it is showing in our community.

Councilor Simmons stated the Santa Fe County Water Planning Committee, is trying to decide what to do with the Buckman Diversion Project, and whether or not to have a water authority. Councilor Simmons asked Mayor Pro-Tem Ring if this was a mil-levy

tax for the Town's sewer, and what the amount was. Mayor Pro-Tem Ring responded that it generates .08%.

5. MATTERS FROM THE ATTORNEY.

None

6. TOWN OF EDGEWOOD POLICE REPORT – Chief Radosevich.

A. Police Report and Animal Control Report for the month of June, 2014.

Chief Radosevich presented his report for the month of June, 2014.

B. Approval to Apply for the New Mexico Law Enforcement Recognition Program.

Chief Radosevich requested approval to apply for the New Mexico Law Enforcement Recognition Program.

MOTION: Councilor Abrams made a motion to approve moving forward on the Recognition Program. Councilor Abraham seconded the motion.

VOTE: Councilor Simmons voted aye. Councilor Abrams voted aye. Councilor Abraham voted aye. The motion carried.

Chief Radosevich stated the Police Department is preparing for the 4th of July, and is working with the Santa Fe County Fire Department.

Chief Radosevich stated the Police Department has also been working on a Neighborhood Watch Program. Officers have been assigned to different areas of the Town.

Councilor Simmons asked about the number of times Edgewood Police Department assisted Santa Fe County. The Chief responded that after annexation this number would decrease. He also stated Santa Fe County assists Edgewood Police Department as well. Councilor Simmons stated she is impressed with the cooperation between departments.

7. PUBLIC COMMENTS OF GENERAL MATTERS. Limit to 2 minutes per person.

Mr. John Bassett, wanted to notify the Council about the Allen Wen signs that have blown all over, he stated all other candidates had picked up their signs and wanted to know who he could contact about the matter.

Councilor Simmons stated she had contacted the Allen We campaign and had been assured the signs would be taken care of; she has already sent a follow-up email and received no response yet.

Mr. Bassett also discussed the stake holders meeting where the 344 repair work had been discussed last fall. He wondered if there was any news when it might be started. Ms. Kay Davis McGill stated all documents had been submitted and she would follow-up on it.

Norton Henninger stated he had talked to the engineer with regard to Church Road. and 344, he indicated the work would probably start towards the end of summer or early fall.

Mr. Ronald Roy thanked the Town and Council for the rapid response on Entranosa Road and repairing damage caused by recent rain. Mr. Roy proposed putting a culvert in, to avoid future damage from the rain. Mr. Roy is concerned about where dirt was moved filling the bar ditch, as this will cause water to flood the road and homeowner driveways.

Mr. Roy also wanted to thank the Council for the economic development in the Town, thanks for bringing Denny's and Holiday Inn Express to Town.

8. MR. GARY ARAGON – K&S INDUSTRIES SOLAR LIGHTING.

Mr. Gary Aragon presented information on his solar lighting products.

Mr. Chris Meuli stated the Permaculture will be having demonstrations at Wildlife West this Saturday.

9. MATTERS FROM THE ADMINISTRATOR/PLANNER.

Ms. Kay Davis McGill stated Mayor Hill had contacted her, he has met with all U.S. Representatives and Senators in Washington, D.C and will give an update at the next Council Meeting.

A. Approval to hire Part Time Landscaping, Maintenance, Custodial Worker.

Ms. Davis McGill requested approval to hire Mr. Michael Craig for the Part-Time Landscaping, Maintenance, and Custodial Worker. Ms. Davis McGill introduced Mr. Craig to the Council and reviewed his qualifications.

MOTION: Councilor Abrams made a motion to approve hiring Mr. Michael Craig for the Part Time Landscaping, Maintenance and Custodial Worker. Councilor Simmons seconded the motion.

VOTE: Councilor Simmons voted aye. Councilor Abrams voted aye. Councilor Abraham voted aye. The motion carried.

B. Status of Speed Count for Church, Edgewood 7, Hill Ranch & Dinkle Roads.

Ms. Davis McGill reviewed the speed study that was prepared by MRCOG.

C. Approval to Request for Proposals for Professional Legal Services (Town Attorney).

Ms. Davis McGill asked for approval to Request Proposals for Professional Legal Services (Town Attorney).

MOTION: Councilor Abraham made a motion to approve the Request for Proposals for Professional Legal Services. Councilor Simmons seconded the motion.

VOTE: Councilor Abraham voted aye. Councilor Abrams voted aye. Councilor Simmons voted aye. The motion carried.

10. APPROVAL OF THE FINANCIAL REPORT FOR THE MONTH OF MAY, 2014.

Ms. Davis McGill presented the Financial Report for the Month of May, 2014.

MOTION: Councilor Simmons made a motion to approve the Financial Report for the month of May, 2014. Councilor Abraham seconded the motion.

VOTE: Councilor Simmons voted aye. Councilor Abrams voted aye. Councilor Abraham voted aye. The motion carried.

11. ANNOUNCEMENTS and/or CALENDAR REVIEW.

A. Regular Council Meeting – July 2, 2014 @ 6:30 P.M.

B. Regular Council Meeting – July 16, 2014 @ 6:30 P.M.

NOTE: The Town Hall Offices will be closed on Friday, July 4, 2014 in observance of Independence Day.

12. FUTURE AGENDA ITEMS.

A. E.V.E.D.A. Contract.

B. E.B.R.A. Contract.

C. Public Input – Proposed Ordinance No. 2014-02 Zoning Ordinance

D. Public Input – Proposed Ordinance No. 2014-03 Sub-Division Ordinance.

E. Public Input – Proposed Ordinance No. 2014-04 Alternate Judge.

F. Public Input – I.C.I.P. (Has been re-scheduled to the meeting of July 16, 2014)

G. Appointments for the Parks & Recreation Committee.

13. ADJOURN.

MOTION: Councilor Simmons made a motion to adjourn the meeting. Councilor Abraham seconded the motion.

VOTE: All Councilors voted aye.

Mayor Pro-Tem Ring adjourned the meeting at 7:40 P.M.

PASSED, APPROVED AND ADOPTED this 2nd day of July, 2014.

Brad E. Hill, Mayor

June 19, 2014

The Honorable Brad E. Hill
Mayor, Town Edgewood
P.O. Box 3610
Edgewood, NM 87015-3610

Dear Mayor Hill:

In accordance with Section 6-6-2 (B) NMSA 1978, the Local Government Division (LGD) has examined the proposed (interim) budget of the local government entity for Fiscal Year 2014-15 and hereby grants approval and certification for use pending approval of the final budget. Sufficient resources appear to be available to cover proposed budgeted expenditures.

Approval and certification of your final budget is contingent upon submission of the following by July 31, 2014:

- A resolution adopting the FY 2014-15 operating budget;
- A resolution approving the June 30, 2014 (fourth quarter) financial report;
[NOTE: If approval by resolution is not possible by the July 31st deadline, the final budget cover letter must include an explanation as to why. This required resolution must be approved by the governing body at the next scheduled meeting. This requirement is necessary to ensure the governing body has reviewed and approved the financial report submitted to LGD.]
- The signed year-end June 30, 2014 fourth quarter financial report in the LGD required Excel spreadsheet form;
- Average salary increase;
- Total salaries and benefits by fund (department);
- The amount budgeted for the audit(s);
- Unaudited (reconciled) beginning cash balances as of July 1, 2014 that agree with the year-end June 30, 2014 cash balances per the fourth quarterly financial report (or an explanation as to why these balances don't match); and
- Provide the budget request in the LGD required Excel spreadsheet form via e-mail.

Please note that if the audit for the fiscal year ended June 30, 2013 to the Office of the State Auditor is not current, final budget certification will be "conditional" until the local public body is in compliance per regulation 2.2.3 NMAC.

If you have questions, please call me at 505-827-4964.

Sincerely,

A handwritten signature in cursive script that reads "Susan M. Rodriguez".

Susan M. Rodriguez
Budget and Finance Analyst

RESUME

PATRICK J. WAGNER

Accomplished auditor/accountant with 26 years' experience in budget development, budget execution, financial auditing, functional auditing, audit liaison, cost, and property accounting.

July 2005 to Present, Auditor USDA Forest Service, Albuquerque, NM

Manage the Microsoft Access Database for the Resource Audit Branch. The data base tracks the audits, indirect cost proposals, and financial ability determinations in the program of work

Analyze financial records of concessionaires and permit holders who do business on Forest Service lands. The audits involve confirming that revenue, gross fixed assets, fee prorating percentages, and permit fees were computed and recorded accurately, and that required fee payments were made in a timely manner.

Review financial information of prospective purchasers to verify the overall financial ability of companies and individuals to purchase and operate special use businesses and timber sales on Forest Service land.

Evaluate indirect cost rate proposals to establish advance indirect cost rate agreements for indirect cost reimbursement for the Forest Service cognizant agencies of as well as Granger-Thye permit holders.

Monitor prior Financial Statement Audit material weakness findings to ensure that current year accounting has systemic internal controls in place (OMB Circular A-123). Develop test plans and tested accounting transactions. Lead auditor for all aspects of auditing, analyzing, and monitoring the payment processes.

Monitor accrual/obligation/payment sampled transactions to ensure that they are booked properly, and that subsequent payments are timely. Ensure that the agency clears accrual/obligation/payment accounting as a material weakness from the annual audit. Review audit samples submitted by the regions to the newly formed national accounting office for accuracy and proper auditable documentation.

May 1990 to July 2005, Accountant USDA Forest Service, Milwaukee, WI

Developed regional finance/accounting policies, standards, and guidelines.

Served as Regional Liaison Officer with the GAO, OIG and KPMG. Coordinated year end regional external audit policies and procedures. Defended accounting practices and policies to outside auditors/contractors in order to ensure a "clean" audit opinion.

Developed internal reports to track annual and multi-year budgetary data (historical and projected). Extracted/identified various expenditures needed to forecast and formulate program budgetary trends for current and projected out-years, using mainframe/microcomputer systems to track and monitor budgetary fund expenditures, obligations/de-obligations, and commitment financial data.

Entered/adjusted data into internal accounting system into a wide variety of reports, forms, and schedules. Consolidated data for viable overview of the overall financial status of Regional operations.

Authority on reconciliation of integrated accounts for a variety of internal systems. Responsible for internal/external reporting requirements.

Became subject matter expert, performed formal training in field on various accounting procedures. Conducted accountability reviews, combined fiscal/accountability reviews. Developed schedule of units to be visited

FORMAL EDUCATION:

Bachelor's degree

BBA, Finance/Marketing, University of Wisconsin, Milwaukee, WI, 1986, GPA 3.00, 180 Hours, Quarter

Post degree:

Twelve accounting credits, Marquette University, Milwaukee, WI, 1991, GPA 3.00

Good morning,

Last week I had expressed interest in sitting on the animal welfare committee. After talking with John and Roxie Carpenter, I have I would like to be considered for the Open Spaces committee. I have worked over 25 years with the Forest Service and feel I am a good candidate for a position on the Open Spaces Committee. Please let me know if I can provide additional information.

Thank you for your consideration,

Patrick Wagner, CGFM
Auditor

Forest Service

Caring for the land and serving people

Dear Ms. Davis-McGill and Mayor Hill,

I am writing to let you know that I am interested in being on the Parks and Recreation Advisory Committee. I have listed some highlights of my qualifications below.

Education

- Master's in Landscape Architecture (2013)
 - master's project: *The Pastoral Symphony: Harmonizing Rural Identity and Rural Development* (a comprehensive trail system for Edgewood)
 - studio project: *Integrating Southwestern Willow Flycatcher Habitat with Albuquerque Drain System*
 - term paper: *The Water System in Edgewood*
 - term paper: *New Deal Municipal Parks East Central New Mexico* (Estancia, Santa Rosa, Clovis, and Roosevelt Park in Albuquerque)
 - term paper: *Climate Modification with Plants*
- Bachelor's in Business Administration: concentration in accounting (1987)
 - work in state tax accounting for national corporation, bookkeeping, fixed assets, and accounts payable
- Central New Mexico Community College (fka Albuquerque Technical-Vocational Institute) 2005
 - all but one class for Landscaping Certificate
- attended Bernalillo County Extension Office arborist certification class

Honor

- Tau Sigma Delta - inducted 2011 during second year of three year master's program

Experience

- Murphy's Earthworks (2014 to present)
 - landscape maintenance in Albuquerque
- Land and Water Summit (2014 to present)
 - member of planning committee
- Hilltop Landscape Architects and Contractors (January 2006 - September 2009)
 - four years as a commercial design tech - planting plans per town ordinances and bids
- Student American Society of Landscape Architects (ASLA)
 - secretary 2012-2013
- Albuquerque Road Runners' Club (member club of Road Runners' Club of America)
 - president (2004-2006)
 - club grew from 250 members to over 300
 - increased number of club activities and liaisons with other regional entities
- experimenting with plant materials and permaculture techniques on our private property since 2010

Conferences and Professional Organizations

- member American Society of Landscape Architects since 2010
- presentation to East Mountain Regional Trail Council (2013)
 - attended several bimonthly meetings as schedule permits
- attended Xeriscape Conference (nka Land and Water Summit) several years
- attended Think Trees Conference (2006-2014)

Personal

- married to John Carpenter, Edgewood Planning and Zoning Commission vice chair
- resident of Edgewood, NM since 2009
- moved to Albuquerque, NM area 1981
- two horse, three cats, five parrots

Thank you to all of you for making Edgewood a community that John and I are proud to be a part of. I look forward to contributing to Edgewood's development as a rural community.

Roxanne M. Carpenter
(505) 452-7375
RoxieCarpenter@live.com

Paul McClure
69 Walker Road
Edgewood NM

1957 I was born and raised in Albuquerque

1977-1980 I was an active duty Marine, then a reserve Marine with Delta Co, 4th Recon in Albuquerque between 1981-1982

1982-2014 Was a member of the Albuquerque Fire Department for almost 32 years, where I was assigned as a "Driver" to one of two Hazardous Materials teams for 20 years. After that I was assigned to AFD Station # 8 for 7 years, until I retired June 1st of this year

1992 Moved to and lived in Edgewood since

1995 -2006 I was a member of NMTF-1, which is a FEMA Urban Search And Rescue (USAR) Team and I have responded to the Pentagon after 9/11, New Orleans after hurricane Katrina, and Houston for hurricane Rita

I have 4 adult children; Chris 32, Renee and Liam (Twins) 27, and Julie 25.

1992-2002 I was involved with Edgewood Boy Scout Troop 640 as a Scoutmaster, Asst. Scoutmaster and Committee Chairman. Eventually I was also The East Mountain Unit Commissioner for the Great Southwest Council of Boy Scouts. As an adult leader I earned my Woodbadge, Order of The Arrow and the Cornerstone Awards.

2006-2010 I was a member of The Town of Edgewood PARKS AND RECREATION ADVISORY COMMITTEE
I've been a serious cyclist, hiker and backpacker for over 35 years and I have helped to build, map and maintain a number of mountain bike and hiking trail trails in the East Mountain and Albuquerque area.

For the last two years, I have been a volunteer photographer with the Albuquerque Film and Media Experience

~

My reasons for wanting to be on the Parks and Recreation Committee are varied as much now, as they were before when I felt that Edgewood should be a place where residents and our children can live in, and enjoy. A town with places that our children can explore and play safely, a town with an interconnecting trail system where both adults and children can safely walk, bike ride, or horseback ride away from vehicles. A town with a trail system that would allow residents to explore some of our hidden treasures as well as travel from one point to another with a trail system that would grow with the town and encourage people to use alternative modes of transportation (Pedestrian, bikes, and horse) that would someday connect parks, schools, businesses, neighborhoods and open spaces for all town residents to enjoy.

Even though my stated interest is in the development of a trail system in and around the Town of Edgewood, I also understand the need for other recreational activities and resources for both our children and adults, resources such as neighborhood parks as well as different kinds of ball fields and a larger community center. Plus we should try to encourage recreational type businesses to locate in Edgewood. Businesses such as a theater, a bowling alley, miniature golf and other activities so that Edgewood residents don't need to go somewhere else to have fun with their families.

I'm only one person with a few ideas, but with a Recreational Committee and the support of both the Mayor and Town Council, it's very possible to create a town with multiple places and activities that we can all enjoy. Something I think we can all agree is definitely needed.

Thank you for your time and consideration.
Paul McClure

I continue to attend all the water meetings I can. I feel if we stay involved, we should not have any surprises.

I am the Moriarty representative of the Water Resource Board at MRCOG. A supervisor at Edgewood Soil and water; I am ESWCD representative on the Estancia Basin Water Planning Committee. I am one of Estancia's members on the EMWT Regional Water Association; the Chairman of Estancia Basin Resource Association (EBRA). I regularly attend the Water Dialogue meeting each year. I am a member of Estancia Basin Watershed Health Restoration and Monitoring committee. This group works through the Soil and Water Districts in the Basin to do cost share thinning. There has been several thousand acres thinned, and we also monitor the areas to be sure there are results. We also monitor the bills being introduced at the legislative sessions each year. This year there was not much in the way of water....only one that we watched was Inter-Basin Transfers but it didn't even get to the first committee, but it will be back next year. It is sponsored by Senator Keller.

Next are our financials.

The last thing on my report is the monitoring data that

Page 2

the Planning Committee does. These readings are taken once per quarter. I hope you can continue with the \$500 dues.

Thank you,

Art Swenka

July 2013 Data Evaluation

As part of the contract between the East Torrance Soil and Water Conservation District (ETSWCD) and HydroResolutions (HR), HR has assembled and evaluated groundwater level data from wells within the Estancia Basin that are being monitored as part of the Estancia Basin Water Planning Committee (EBWPC) hydrogeologic monitoring program. Data were most recently collected on December 30 and 31, 2013. This included continuous transducer-recorded data from three wells and manual water-level measurements from 11 wells. Attempts at communication failed with five transducers that had been working when data were last collected in July 2013, indicating that they are no longer functioning. These most recently failed transducers had been deployed in wells E-2298, E-9673, Greene-1, Bozlan-1, and E-50-4. To date, 13 wells have been subject to continuous monitoring for some period of time. The rise-fall effect of seasonal irrigation pumping has been clearly observed in eight wells including Magnum Steel, E-6385, E-50-1, E-50-4, E-2034-S, Romero Windmill, Smith-1, and Shaw Windmill.

Figure 1 shows the EBWPC groundwater monitoring network (blue circles) and additional wells that are monitored by the USGS (orange circles). This map can be accessed online as an interactive Google earth map at the following URL: <http://goo.gl/oWmoy7>. Holding your cursor over any of the well locations and left-clicking on the symbol brings up a graph showing the measured water levels at that location. A double left-click will zoom in and a double right-click will zoom out. Zooming can also be facilitated with the slider on the left-hand side of the map. Holding down your left mouse button will allow you to drag map locations across your screen. Note that the functionality of this map has only been tested in the Google Chrome web browser. When accessing this URL, the default is "Map" mode. Clicking on the "Satellite" option located in the upper right corner of the web page will change the view to the satellite image shown in Figure 1. Figure 2 shows the locations of the EBWPC wells whose water levels are discussed in this report. This map is a wonderful way to explore the basin and it's decidedly less expensive than flying.

Near the northwest boundary of the basin, water levels in E-2298 (Figure 3) do not show any response related to irrigation pumping and were previously seen to be linearly increasing. Following the drilling of a new water well in close proximity to E-2298 during the second half of 2012, the rate of the water level rise increased significantly. Recent manual water-level readings from this well suggest that the rate of water-level increase has returned to what it was prior to the drilling of the new well.

Water levels in the Bozlan-1 well (Figure 4) varied about an average level of 6665 ft AMSL from the start of monitoring in 2008 through the first quarter of 2011. Following that, water levels generally decreased through 2012, decreasing on the order of 5-ft/yr. Over the past year, however, the net water-level change was an increase of approximately 1 ft. A clear seasonal variation in water levels due to irrigation pumping is not evident in this well. That does not rule out the possibility that the overall water-level decrease at this location is related to agricultural water use in the basin.

Water levels measured at the Hagerman Headquarters well several miles west of Bozlan-1 are shown in Figure 5. Over the past year, the water level at this location has increased approximately 0.5 ft.

South of E-2298 along the western edge of the basin, E-9673 (Figure 6) does not display seasonal water-level changes that would indicate it is affected by irrigation pumping. In May 2011, water was pumped from E-9673 for water-quality analysis. At the end of the water-quality sampling, the water level in E-9673 had decreased from about 6954 ft AMSL to 6812 ft AMSL and subsequently started to recover. The water level was relatively constant through 2012 at a level approximately 10 ft lower than it was prior to water-quality pumping. Since January 2013, however, the water level at this location has increased approximately 10 ft.

Magnum Steel (Figure 7) and E-6385 (Bowman) (Figure 8) in the north central part of the basin clearly show the seasonal variations associated with irrigation pumping and both exhibit an overall long-term decline. Given the irregular sampling frequency, it is somewhat difficult to determine the magnitude of the long-term water-level decreases at the Magnum Steel and E-6385 locations. It appears to be on the order of 10 ft for E-6385 and 15 ft for Magnum Steel over the past five years.

Wells E-50-1 (Schwebach 1) (Figure 9) and E-50-4 (Schwebach 4) (Figure 10) near the center of the basin (Figure 2) clearly show the irrigation pumping cycle with water-level changes often exceeding 20 ft between the start and end of the irrigation season. Long-term water levels in the vicinity of wells E-50-1 and E-50-4 are clearly declining. Water-level data could not be downloaded from the E-50-4 transducer during the most recent attempt. The apparent static water levels at about 6417 ft AMSL in well E-50-1 result when the water level drops below the level of the transducer in the well. The length of time that the water level is below the transducer has steadily been increasing each year. The peak (maximum recovery) seasonal water levels in E-50-1 have decreased more than 20 ft since early 2010 and the transducer is now barely submerged during the non-irrigation season. Records from the 2009 E-50-1 transducer installation do not indicate the total depth of the well. This transducer will be repositioned at a lower depth in the next few months, if possible.

Well E-2034-S displays an attenuated irrigation pumping signal (Figure 11) relative to E-50-1. The long-term water level in the vicinity of this well was declining at a relatively constant rate through 2010. It appears the rate of decline since that time has increased. Overall, water levels in E-2034-S have decreased approximately 20 ft since the start of monitoring in late 2008.

The Swenka Exploratory well near the western edge of the basin had shown an overall increase in water levels through 2011 (Figure 12). Between January 2011 and July 2013, however, water levels decreased approximately 11 ft in total. Between July 2013 and December 2013, the water level in the well increased approximately 11 ft – similar to the change observed from mid to late 2010. There is no indication that the Swenka Exploratory well is being affected by irrigation pumping.

Further south, but still on the west side of the basin, E.B. Romero windmill (Figure 13) shows both short-term windmill pumping cycles as well as the seasonal irrigation pumping cycles. The long-term water level at the E.B. Romero windmill location appears to be relatively constant. No new data have been collected from this well since January 2013 due to access issues. Future access to this well is still being investigated.

Continuing south along the west side of the basin, Smith-1 (Figure 14) clearly shows the seasonal irrigation pumping cycles and displays a long-term water-level decline. The average water level at this location appears to have decreased approximately 2 ft since the start of monitoring in mid 2009.

A pressure transducer was installed in the Ruby Shaw Windmill well on January 24, 2013, but it failed before any data were downloaded. Manual water level readings from this well are shown in Figure 15. Manual measurements since mid 2011 indicate that water-level variations at this location are minimal.

Manual water-level measurements in well E-9407 (Figure 16) started in September 2012 and a pressure transducer for continuous monitoring was installed in October 2012. There appears to be a slight downward trend in water levels at this location with the water level decreasing about 0.5 ft over the past 15 months. The Shaw WM (Figure 17) water levels show the irrigation pumping signal, but the average water level at this location appears to be relatively constant with no net change over the past 6.5 years.

Neither Greene-1 (Figure 18) nor Greene-4 (Figure 19) in the southern part of the basin (Figure 2) shows the effects of irrigation pumping. The water level at Greene-1 continues to display a general upward trend and has increased approximately 0.8 ft over the past 5 years. As noted previously, monitoring was discontinued in Greene-4 due to its remote location. During the 3 years that Greene-4 was monitored, the total variation in water levels was about 11 ft, but the net change between the first and last data points was effectively zero.

RENEWABLES

ESTANCIA VALLEY EDA BI-ANNUAL REPORT 2014

To our Distinguished
Investors and Members

We thank each and every one of you for your continued financial support that provides economic development that stimulates jobs and revenue to the Estancia Valley.

With partners such as you, we will continue to be instrumental in leading the efforts within neighboring communities and counties to obtain regional sustainability.

As a result of our partnerships, we have been instrumental in assisting businesses with financing opportunities and alternatives, local and state policies and regulations, and permitting guidelines. As economic activity gets stronger, our partnerships are our greatest asset.

With your help, we continue to meet the needs of our counties, communities and businesses in a regional collaborative effort.

Our partnership is of great value to the entire valley, and we appreciate your investment as we work together to move this valley forward in attracting more aviation, renewable energy, manufacturing and high tech companies and the ancillary businesses that support these industries.

Once again, thank you for supporting the Estancia Valley EDA, the citizens and our businesses.

Sincerely, *Ruthy Cabler*

Monthly Income & Expenses

Total Income & Expenses

All income and expenses are totals of both the EVEDA and Foundation accounts.

2014 Projects

- 14 active projects – estimated jobs 95 (excluding construction)
- Titan / Google acquisition estimated 200 jobs, continue to acquire funding for infrastructure
- Continue to work with NM largest wind with an IRB of \$575 million to Torrance County. A percentage of the PILT funding will benefit the children in both the Estancia and Vaughn School Districts.

2014 Activity

- Continue to be active in: NMIDEA, NM Rural ED Council, Congresswoman Lujan-Grisham Advisory Council, HART Transmission Alliance, AED, NAIOP, Coronado Ventures, ED Legislative Policies, NM EDD and Partnership, MRCOG Marketing and Branding, NM Rural Forum
- Have maintained our positive status with NM State Secretary office for C-6 and C-3 designations
- Maintain our Certified Status with the state.

2013 & 2014 Community Assistance

- Mountainair Arts & Council district
- Rails to Trails Project (Moriarty, Estancia, Torrance County)
- Rt. 66 Midway Project (Edgewood)
- Fiber Optic for every community
- Assist with fiber needs at Moriarty airport

2013 & 2014 EVEDA Events

- 2013 Annual Meeting-guest speakers: Jeremy Turner, Keith Sparks, Dora Dominguez
- Plateau Fiber Optic Ribbon Cutting
- Senator Udall and Senator Heinrich Luncheon
- Hosted three presentations and tours for Titan Aerospace, acquired \$189,000 additional JTIP funding
- Hosted Congresswoman Michelle Lujan Grisham / Business Healthcare Workshop
- Received Benefit Analysis for EVEDA organization (a copy is available on request)
- Received Mid Region Council of Government Public Private Partnership award along with Titan, NMEDD, TVC, AED

2013 & 2014 Marketing /Recruitment

- Attended sales mission trip with the NM Partnership to New England. Met with CEO's of Raytheon, Staples, IRobot, Cambrian Innovations, Starbucks, MC 10, and numerous consultants in the Boston area.
- Attended AUVSI Unmanned Systems conference with Titan and the NM Partnership in Washington DC and with Google in Orlando Florida
- Attended receptions with national consulting firms hosted by AED
- Attended State of NM Energy Expo, Rural Summit, numerous conferences and luncheons hosted by AED, NAIOP, NMIDEA, NMRRC

The Independent (2013): New Retail Development in Moriarty. Mark Hammond of Roger Cox & Assoc. the timing of the retail projects is due to some wind firm activity, as well as Titan Aerospace as some of the reasons the project is underway now.

New Investor David Saline statement:
"I checked my books and our business did about \$30,000 in business with the Fiber Optic project and we wanted to give back to EVEDA for bringing in businesses that are helping our business grow"

EXECUTIVE COMMITTEE

Betty Cabber - Chairman (Torrance County Assessor)
Dave Tixier - Vice Chairman (Magnum Steel Buildings)
Steve Jones - Secretary (NM Magistrate Pro-tem)
Bill Williams - Treasurer (Insurance Services)
Steve Anaya - Exec. Officer (Council - Moriarty)
Lionie Freyburger - Exec. Officer (Torrance Commissioner)
Sherry Abraham - Exec. Officer (Council - Edgewood)
Ronnie Reynolds - Exec. Officer (FMW Gas)
Ed Barela - Exec. Officer (Estancia)
Skip Pascoe - Exec. Officer (MIDED)
Jerry Britton - Exec. Officer (NMEDC)

- private funding
- public funding

HELP EVEDA GROW!

- Tell one new person about EVEDA in the coming year.
- Send us a note about how EVEDA is sized your business to grow.
- Help the Estancia Valley by consulting a charitable donation to our Education and Business Foundation.

**TOWN OF EDGEWOOD
ORDINANCE NO. 2014-04**

AN ORDINANCE PROVIDING FOR THE APPOINTMENT OF AN ALTERNATE MUNICIPAL JUDGE. BE IT ORDAINED BY THE GOVERNING BODY OF THE TOWN OF EDGEWOOD, NEW MEXICO, AS FOLLOWS:

1. Any qualified elector, as defined by NMSA 1978 § 3-1-2, residing within the Town limits may be appointed to serve as the Alternate Municipal Judge during such time as the Municipal Judge is temporarily incapacitated or absent. During such temporary incapacity or absence, that person shall hear and determine cases arising under the Town's ordinances, while sitting as Alternate Municipal Judge.

2. The Alternate Municipal Judge shall be appointed by the Municipal Judge from a pool of qualified applicants. The Town shall publish a notice in the local newspaper for the solicitation of qualified candidates to submit a letter of interest to serve as Alternate Municipal Judge. All applicants must submit their name, qualifications, and a letter of interest to the Town Clerk's office prior to the time prescribed by the Town Council. The Town Clerk shall verify that each applicant is a qualified elector within the Town's municipal limits, and will notify the Town Council of any applicants who are not qualified electors. The Town Council shall then select up to five (5) names of qualified candidates to be submitted to the Municipal Judge. From this pool of qualified candidates, the Municipal Judge shall appoint any one of these qualified individuals during his/her term to serve as Alternate Municipal Judge. The term for the Alternate Municipal Judge(s) shall coincide with the term of the Municipal Judge.

3. The Alternate Judge will be compensated for hours worked at the rate of \$20.00 per hour. Appropriate Per Diem and Mileage rates will apply per the Town of Edgewood Resolution No. 2009-30, adopted by reference, the Department of Finance & Administration Regulations Governing the Per Diem and Mileage Act, adopted July 1, 2009.

APPROVED, ADOPTED AND PASSED this 2nd day of July, 2014.

Brad E. Hill, Mayor

ATTEST:

Estefanie Muller, CMC, Clerk-Treasurer

RESOLUTION NO. 2014-11

**A RESOLUTION OF SUPPORT TO DEVELOP TRAILS ALONG NEW MEXICO
DEPARTMENT OF TRANSPORTATION STATE HIGHWAYS IN THE TOWN OF
EDGEWOOD, NEW MEXICO.**

WHEREAS, the Town of Edgewood is committed to the planning, development, management and maintenance of parks, recreation, community services, facilities, Open Space and trails and resources necessary to promote the well-being and quality of life for all residents of the Town of Edgewood; and

WHEREAS, the Town of Edgewood and New Mexico Department of Transportation have executed a Cooperative Agreement for the construction and maintenance of NON-MOTORIZED i.e. PEDESTRIAN, BICYCLE AND EQUESTRIAN TRAILS WITHIN DEPARTMENT RIGHT OF WAY within the TOWN limits of Edgewood, New Mexico. (Dated April 16, 2004.)

NOW THEREFORE BE IT RESOLVED that the Town of Edgewood Governing Body hereby agrees to support the projects as stated in the Cooperative Agreement dated April 16, 2004 and assumes ownership, liability, maintenance and funding responsibility for the scope of these projects, or related amenities.

PASSED, APPROVED, and ADOPTED this 2nd day of JULY, 2014.

Brad E. Hill, Mayor

ATTEST:

Estefanie B. Muller, CMC, Clerk-Treasurer

TOWN OF EDGEWOOD
RESOLUTION NO. 2014-12

**PARTICIPATION IN LOCAL GOVERNMENT ROAD FUND PROGRAM
ADMINISTERED BY THE NEW MEXICO DEPARTMENT OF TRANSPORTATION**

WHEREAS, the Town of Edgewood and the New Mexico Department of Transportation shall enter into a Cooperative Agreement;

WHEREAS, the total cost of the project will be \$58,156.00 to be funded in propositional share by the parties hereto as follows:

a. New Mexico Department of Transportation's share shall be \$43,617.00.

and

b. The Town of Edgewood proportional matching share shall be \$14,539.00.

Total Project Cost \$58,156.00

The Town of Edgewood shall pay all costs, which exceed the total amount of \$58,156.00.

NOW THEREFORE, BE IT RESOLVED that the Town of Edgewood determines, resolves, and orders as follows:

- a. That the project for this Cooperative Agreement is adopted and has a priority standing.
- b. The agreement terminates on December 31, 2015 and the Town of Edgewood incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof, and all such covenants, agreements, and understandings have been merged into the written agreement.
- c. The Town of Edgewood shall enter into Cooperative Agreement Project Number SP-5-15(191), Control Number L500151 with the New Mexico Department of Transportation for LGRF Project, Fiscal Year 2015 to "Plan, Design, Drainage Improvements, Pavement Rehabilitation/Improvements, Construction and Reconstruction of Dinkle Road, Broken Arrow Road and/or Frost Road" within the control of the Town of Edgewood in Edgewood, New Mexico.

PASSED, APPROVED and ADOPTED this 2nd day of JULY, 2014.

Brad E. Hill, Mayor

ATTEST:

Estefanie B. Muller, CMC, Clerk-Treasurer

12-1-1 DEFINITION OF WORDS AND PHRASES.

A. The following words and phrases when used in this ordinance shall, for the purpose of this ordinance, have the meanings respectively ascribed to them in Sections 12-1-1 through 12-1-89. (*)

B. When in a specific section of this ordinance a different meaning is given for a term defined for general purposes in this section, the specific section's meaning and application of the term shall control. (66-1-4 NMSA 1978)

12-1-2 ABANDONED VEHICLE. "Abandoned Vehicle" means a vehicle or motor vehicle which has been determined by a New Mexico law enforcement agency:

(1) to have been left unattended on either public or private property for at least thirty days;

(2) not to have been reported stolen;

(3) not to have been claimed by any person asserting ownership; and

(4) not to have shown by normal record checking procedures to be owned by any person. (66-1-4.1 NMSA 1978)

12-1-2.1 ACCESS AISLE. "Access Aisle" means a space designed to allow a person with a significant mobility limitation to safely exit and enter a motor vehicle that is immediately adjacent to a designated parking space for persons with significant mobility limitations and that may be common to two such parking spaces of at least sixty inches in width or, if the parking space is designed for van accessibility, ninety-six inches in width, and clearly marked and maintained with blue striping, and after January 1, 2011 the words "NO PARKING" in capital letters, each of which shall be at least one foot high and at least two inches wide, placed at the rear of the access aisle so as to be close to where an adjacent vehicle's rear tires would be placed (66-1-4.1 NMSA 1978).

12-1-3 ADMINISTRATOR. "Administrator" means the chief executive employee of the municipality; including but not limited to the manager, clerk or administrator, or his designated representative. (*)

12-1-4 ALLEY. "Alley" means a street intended to provide access to the rear or side of lots or buildings in urban districts and not intended for the purpose of through vehicular traffic. (*)

12-1-5 AUTHORIZED EMERGENCY VEHICLE. "Authorized Emergency Vehicle" means any vehicle of the fire department, police vehicles, ambulances and such emergency vehicles of municipal departments or public service corporations as are designated or authorized by the chief of the New Mexico state police or the *administrator*. (66-1-4.1 NMSA 1978)

(4) the posted speed limit in construction zones posted as double fine zones or other safety zones posted as double fine zones as designated by the municipality or highway and transportation department, provided that the posted speed limit be determined by an engineering study performed by the state highway and transportation department.

B. In every event, speed shall be so controlled as may be necessary:

(1) to avoid colliding with any person, vehicle or other conveyance on, or entering, the street;

(2) to comply with legal requirements as may be established by the municipality, the state highway department or the New Mexico state police, and the duty of all persons to use due care; and

(3) to protect workers in construction zones posted as double fine zones or other safety zones posted as double fine zones as designated by the municipality or highway and transportation department. (66-7-301 NMSA 1978)

12-6-1.3 ESTABLISHMENT OF SPEED ZONES.

A. Whenever the administrator determines, upon the basis of an engineering survey and traffic investigation, that any speed limit permitted under state law or local ordinance is greater or less than is reasonable or safe under the conditions found to exist upon any part of a street within his jurisdiction, he may declare a speed limit for that part which is effective at times determined, when appropriate signs giving notice thereof are erected at the particular part of the street.

B. Alteration of speed limits on state highways by the administrator are not effective until approved by the state highway commission. (66-7-303 NMSA 1978)

C. The administrator shall adhere to and abide by all applicable state statutes in making his determination of speed limits in the municipality.

D. Whenever the administrator declares a speed limit, he shall submit a schedule of the speed limit to the police department, the municipal judge, the municipal clerk and the municipal attorney. (*)

E. Speed zones may be marked by a sign containing a flashing yellow light and, when the light is in operation, the speed limit, instructions or regulations on the sign are in effect.

F. The provisions of Subsection A of this section shall not apply to changes of speed limit in construction zones authorized pursuant to 12-6-1.3 G through K of this section.

G. When construction, repair or reconstruction of any street or highway is being done, the administrator or other governmental authority with jurisdiction over that
